

Atlanta Legal Aid Society

At Atlanta Legal Aid Society we believe in a future where everyone has equal access to justice, regardless of income, and we are working towards that future every day. For nearly 100 years, we have been helping our clients to secure safe homes, have enough food to eat, get a decent education, be protected against fraud, and get legal protection against domestic violence. Last year alone, our attorneys handled more than 20,000 cases that affected over 45,000 people in metro Atlanta.

Housing

Legal Aid helps people to maintain the homes they have, to increase access to affordable housing and to improve conditions in which people live.

Consumer

Legal Aid lawyers fight predatory debt collectors, unfair and illegal collection practices, and other practices that threaten our clients' economic stability.

Family

Our lawyers and volunteers legalize family relationships, fight for custody and child support and protect victims of domestic violence

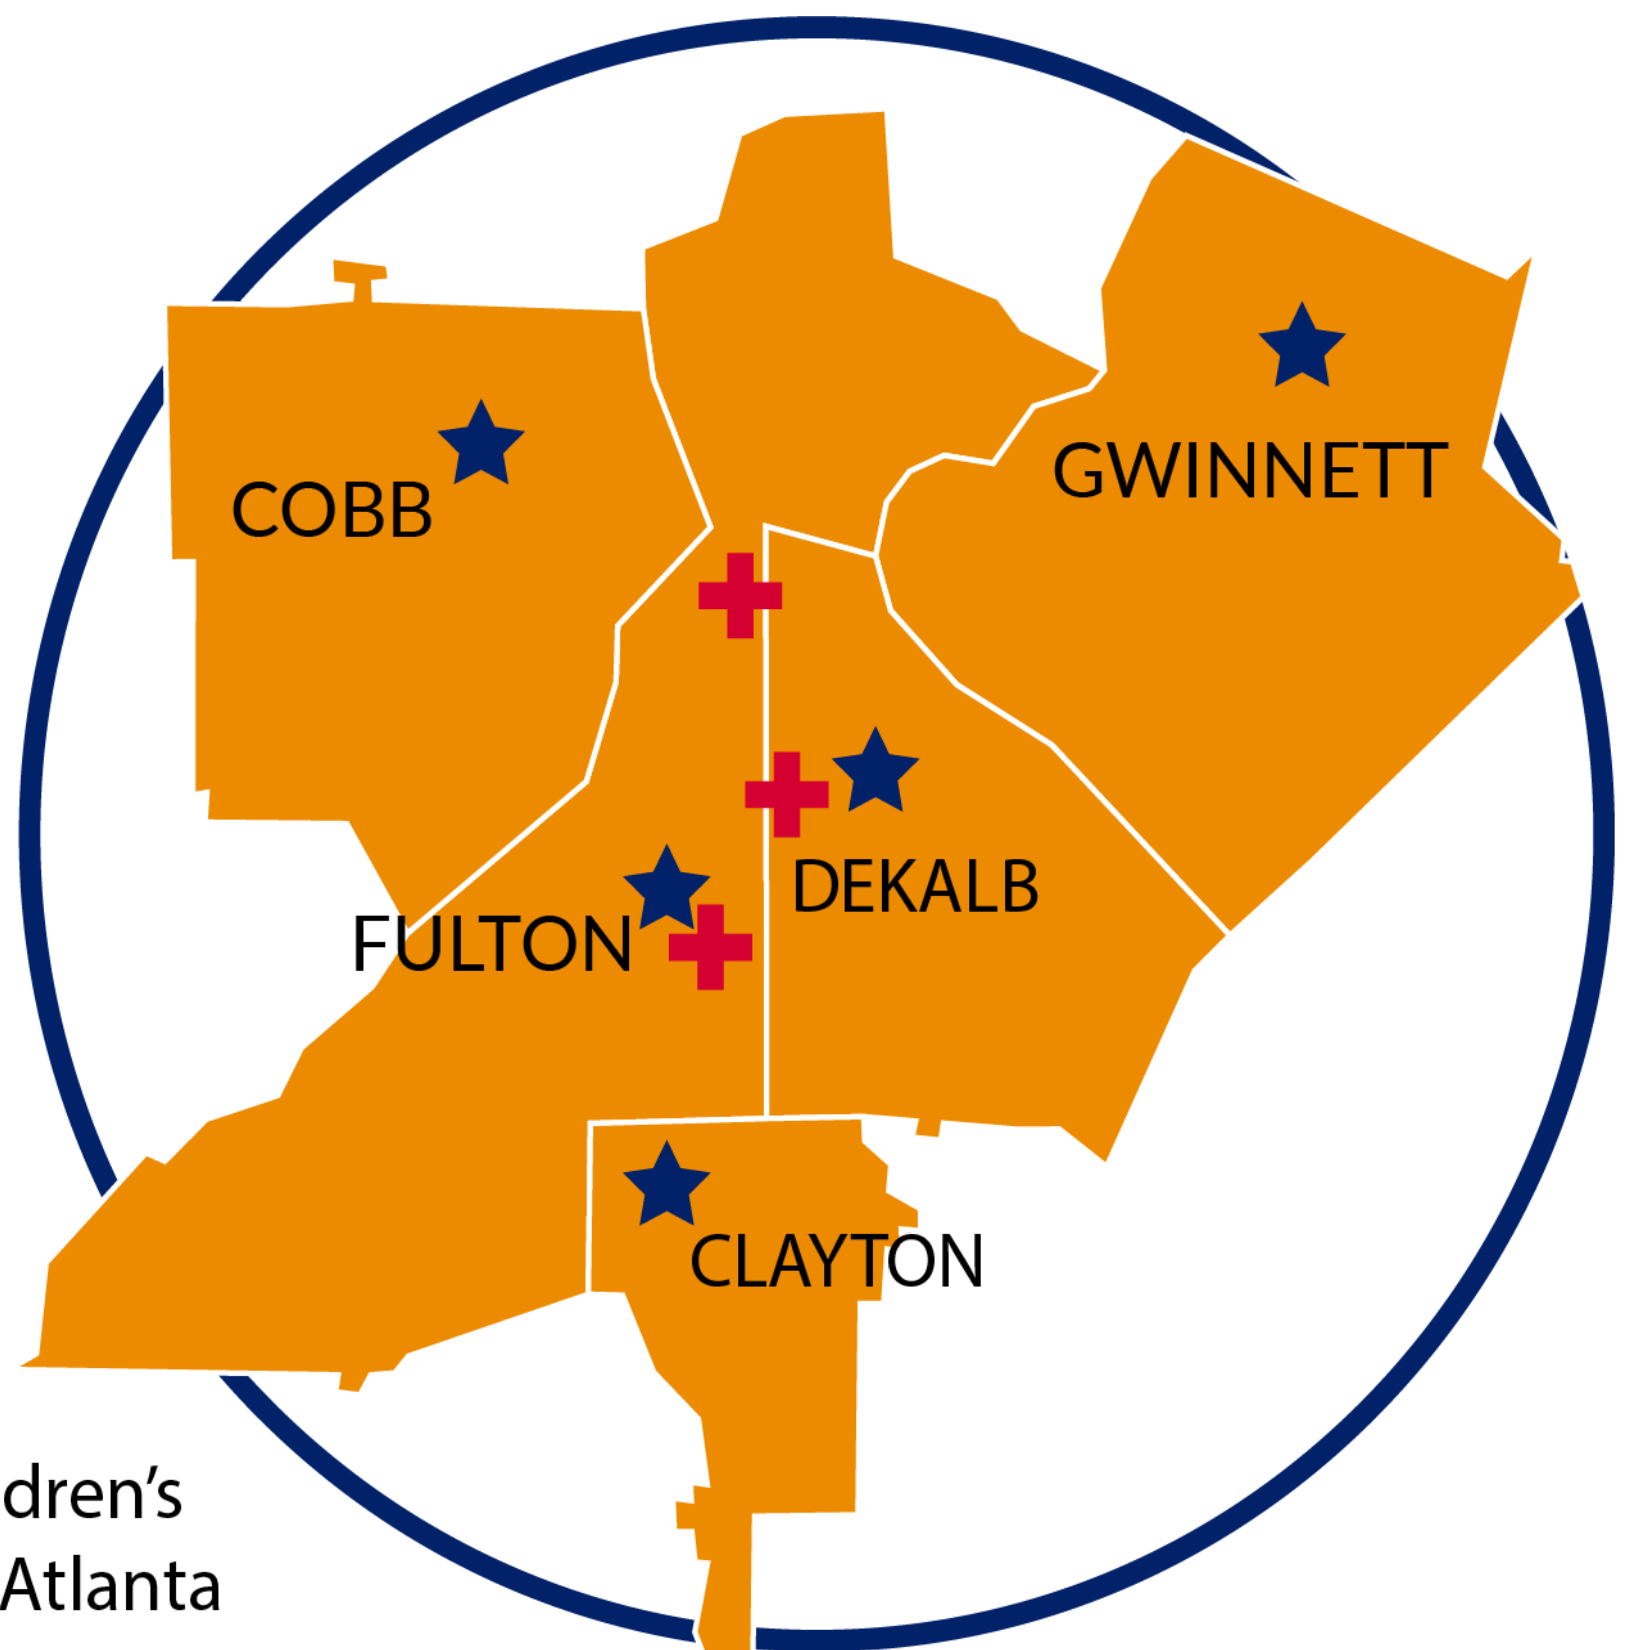

Health

Advocates work to guarantee appropriate health benefits for our clients, including through disability work, and wills and estates.
